

Gloo Holdings, Inc. Reports Third Fiscal Quarter 2025 Financial Results

December 17, 2025

BOULDER, Colo., Dec. 17, 2025 /PRNewswire/ -- Gloo Holdings, Inc. (Nasdaq: GLOO), a leading technology platform for the faith and flourishing ecosystem, today reported financial results for its third quarter ended October 31, 2025.

"Q3 marks a solid start as a public company. We delivered very strong revenue growth and continued progress toward profitability, while strategically expanding our platform through the acquisitions of XRI Global and Igniter," said Scott Beck, CEO of Gloo. "We believe these additions, along with today's announcement that we are acquiring Westfall Gold, will deepen our donor engagement services and significantly advance the AI capabilities we are providing to customers. We remain focused on disciplined execution as we serve those who serve and build the trusted infrastructure for the faith and flourishing ecosystem."

Third Quarter 2025 Financial Highlights and Recent Events

- Total revenue of \$32.6 million, up 432% year over year, and increase of \$26.4 million from the prior year period and beating consensus of \$24.0 million.
 - Platform revenue totaled \$19.8 million, up 226% year over year, an increase of \$13.7 million compared to the third quarter of 2024.
 - Platform Solutions revenue of \$12.7 million, up \$12.7 million from the third quarter of 2024.
- \$143.1 million of debt successfully converted at the time of the IPO in Q4.
- Net loss of \$39.0 million, compared to \$13.6 million in the prior year period. In conjunction with the convertible debt issued, there are meaningful non-cash charges in Q3 that do not continue after the IPO. Adjusting for these and other non-routine charges, non-GAAP net loss attributable to members of Gloo Holdings was \$26.7 million.
- Adjusted EBITDA of negative \$19.2 million, beating consensus estimates of negative \$23.0 million, and compared to negative \$10.2 million in the prior year period.

"We're pleased with our Q3 financial performance, including significant revenue growth. We believe our acquisition strategy is proving effective, as these acquisitions will be accretive and strengthen our position in high-value areas of the ecosystem," said Paul Seamon, CFO of Gloo. "We expect to end 2025 on a positive note and next year we expect strong year-over-year revenue growth and are committed to achieving adjusted EBITDA profitability in Q4 of fiscal year 2026, coupled with disciplined capital allocation as we scale the Gloo platform and deliver value to stockholders."

Business Highlights

- **Strategic Acquisitions** - Gloo recently announced three acquisitions that will further increase the value and reach of the Gloo platform. All three acquisitions are expected to be accretive.
 - Westfall Gold - entered into a definitive agreement to acquire a leading platform for major donor engagement in the faith and flourishing ecosystem, expanding Gloo's capabilities in donor development and strengthening synergies with Masterworks, acquired earlier this year.
 - XRI Global - completed the acquisition of an AI innovator specializing in advanced voice and multilingual technologies, expanding the revenue opportunity for Gloo AI and Gloo360.
 - Igniter - completed the acquisition of a media innovator serving churches for over two decades. This acquisition combines Gloo's digital infrastructure and AI with Igniter's extensive, high-quality media library, enabling churches of all sizes to communicate the Gospel with greater clarity and ease.
- **Key Customers**
 - So far in 2025 Gloo has secured over 20 customers that will each contribute over \$1 million in annual contract value, and we expect this pace to accelerate in 2026.
 - Signed a multi-year, enterprise-level engagement with American Bible Society, leveraging both Gloo360 and Masterworks to modernize American Bible Society's technology infrastructure and mass fundraising operations.
 - Announced strategic initiative, with YouVersion as a key partner, to develop the world's first biblically aligned AI.
 - Other key customers this quarter include Biblica, United Way of Greater Atlanta and Project Rescue.
- **Advancing AI**
 - Launched the Flourishing AI Christian (FAI-C) Benchmark, part of a broader benchmarking framework supporting values-aligned AI adoption across the ecosystem.
 - Hosted the Gloo AI Hackathon, bringing together more than 700 developers to build Kingdom-aligned AI solutions.

Fiscal Year 2025 Outlook

Gloo expects revenue for the fourth quarter of its fiscal year 2025 to be between \$28 million and \$30 million, which represents a

more than tripling of revenue growth year over year, and aligns with normal seasonality in this ecosystem. Adjusted EBITDA is expected to be between negative \$19.5 million and negative \$18.5 million. Looking forward to fiscal year 2026, Gloop expects revenue to more than double to greater than \$180 million, inclusive of acquisitions.

Gloop has not provided a reconciliation of its forward outlook for Adjusted EBITDA to its most directly comparable GAAP financial measure in reliance on the unreasonable efforts exception provided under Item 10(e)(1)(i)(B) of Regulation S-K. Gloop is unable to predict with reasonable certainty the amount and timing of adjustments that are used to calculate this non-GAAP financial measure, particularly related to interest expense and changes in fair value of certain financial instruments, as well as equity-based compensation and employee stock transactions and related tax effects.

Conference Call Information

Gloop will conduct a conference call with analysts and investors to discuss its third quarter fiscal 2025 financial results and current financial prospects today at 5 p.m. ET. Participants may access the conference call via webcast using this link: [Gloop Webcast Link](#). The webcast will be recorded and available for replay. The link and recording will also be available on the Investor Relations section of Gloop's website at investors.gloop.com.

Gloop serves over 140,000 faith, ministry and nonprofit leaders and is based in Boulder, Colorado.

Forward-Looking Statements

This press release contains "forward-looking statements" within the meaning of the safe harbor provisions of the U.S. Private Securities Litigation Reform Act of 1995. All statements other than statements of historical or current fact included in this press release are forward-looking statements, including but not limited to statements regarding our growth prospects, market share gains and business initiatives, and our outlook for the fourth quarter and fiscal year of 2025. Forward-looking statements include statements containing words such as "expect," "anticipate," "believe," "project," "will" and similar expressions intended to identify forward-looking statements. These forward-looking statements are based on our current expectations. Forward-looking statements are subject to known and unknown risks, uncertainties, assumptions and other factors. Some of these risks are described in greater detail in our Prospectus dated November 18, 2025, filed with the Securities and Exchange Commission (the "SEC") on November 19, 2025, and in the other documents we file with the SEC from time to time, including our Quarterly Report on Form 10-Q for the quarter ended October 31, 2025, which we expect to file with the SEC on or around the date of this press release. It is not possible for our management to predict all risks, nor can we assess the impact of all factors on our business or the extent to which any factor, or combination of factors, may cause our actual results to differ materially from those contained in any forward-looking statements we may make. These factors may cause our actual results, performance or achievements to differ materially and adversely from those anticipated or implied by our forward-looking statements. Furthermore, if our forward-looking statements prove to be inaccurate, the inaccuracy may be material. In light of the significant uncertainties in these forward-looking statements, you should not rely on these statements or regard these statements as a representation or warranty by us or any other person that we will achieve our objectives and plans in any specified timeframe, or at all. We undertake no obligation to update any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law.

Non-GAAP Financial Measures

To supplement its condensed consolidated financial statements, which are prepared and presented in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), Gloop has provided in this press release and the accompanying tables the following non-GAAP financial measures: Adjusted EBITDA, non-GAAP net loss attributable to members of Gloop Holdings, LLC, and non-GAAP net loss per unit available to members of Gloop Holdings, LLC, basic and diluted.

Gloop uses Adjusted EBITDA to evaluate its core operating performance, support planning and forecasting, and assess strategic opportunities. In addition, Gloop may use Adjusted EBITDA in its incentive compensation programs applicable to some of its employees. Accordingly, Gloop believes that Adjusted EBITDA may provide useful information to investors about its business and financial performance, enhance its overall understanding of our past performance and future prospects, and allow for greater transparency with respect to this measure used by Gloop management in their financial and operational decision making.

Adjusted EBITDA is defined as net loss adjusted to exclude (1) interest expense, (2) income tax expense (benefit), (3) depreciation and amortization, (4) equity-based compensation, (5) financing and restructuring costs, (6) impairment of goodwill, (7) loss (gain) from change in fair value of financial instruments, (8) loss on extinguishment of debt, (9) income (loss) from equity method investments, net, (10) interest income, and (11) other non-cash or non-routine items that are not reflective of Gloop's core operating results.

Gloop also presents non-GAAP net loss attributable to members of Gloop Holdings, LLC, and non-GAAP net loss per unit available to members of Gloop Holdings, LLC, basic and diluted, because it believes that these measures may similarly provide useful information to investors about its business and financial performance, enhance its overall understanding of our past performance and future prospects, and allow for greater transparency with respect to this measure used by Gloop management in their financial and operational decision making. Management also believes that these measures are commonly used by securities analysts,

investors and other interested parties in the evaluation of the Company's performance.

Non-GAAP net loss attributable to members of Gloop Holdings, LLC and non-GAAP net loss per unit available to members of Gloop Holdings, LLC, basic and diluted, are defined as net loss attributable to members of Gloop Holdings, LLC and net loss per unit available to members of Gloop Holdings, LLC, basic and diluted, respectively, adjusted to exclude the impact of (1) loss (gain) from change in fair value of financial instruments, (2) loss on extinguishment of debt, (3) other non-routine items, such as IPO related costs, and (4) the income tax expense (benefit) impact of other adjustments, if any. Non-GAAP net loss per unit available to members of Gloop Holdings, LLC, basic and diluted, includes adjustments made to (U.S. GAAP) net loss attributable to members of Gloop Holdings, LLC. The Company has made these non-GAAP adjustments because it believes that these charges are not reflective of its core operating results.

The non-GAAP financial measures included in this press release are not measurements of financial performance under U.S. GAAP and they should not be considered as alternatives to or substitutes for measures of performance derived in accordance with U.S. GAAP. In addition, these non-GAAP measures should not be construed as an inference that the Company's future results will be unaffected by unusual or non-routine items. These non-GAAP measures have limitations as analytical tools, and investors should not consider such measures either in isolation or as substitutes for analyzing the Company's results as reported under U.S. GAAP. The Company's definitions and calculations of these non-GAAP measures are not necessarily comparable to other similarly titled measures used by other companies due to different methods of calculation. Investors are encouraged to review the most directly comparable GAAP measure and the Company's condensed consolidated financial statements and related notes included in Part I, Item 1 of the Quarterly Report on Form 10-Q for the quarter ended October 31, 2025, which Gloop expects to file with the SEC on or around the date of this press release.
